SCREENSHOT

TRADING PLAN REVIEW & EXECUTION REPORT	
DETAILS	OBSERVATION
ASSET	Bitcoin (BTCUSD)
TIME FRAME	1Hr
POSITION	Long
ORIGINAL ENTRY PLAN	Near support
ORIGINAL EXIT PLAN	Near resistance
MARKET DIFFERENT FROM PLAN?	Yes
REVISION MADE?	Yes, After hitting resistance there is a sharp fall and now the price is near support level.
FINAL DECISION	Trade executed
TRADE STATUS	Still open
TRADE OUTCOME	Open
KEY LEARNING	When resistance turns into support, it signals a trend reversal/strength—so buying there has a higher probability of an upward move.
